

# NEW SERVICE - TRANSITIONS

OPENING  
JUNE 2008  
NOW TAKING REFERRALS

WOODLEA, BACKWELL, BRISTOL

As a provider of a range of service solutions, Consensus is focusing on providing services that can meet the very specialist needs of some individuals by providing small scale and bespoke services.

We are currently developing a purpose built eight person service, within 2 units, in Backwell, Bristol, close to the City of Bristol, M5 Motorway, Nailsea, Clevedon, Weston-super-Mare and with access to local facilities and resources.

**This truly unique service will provide a truly person-centred, outcomes-based support to young adults with a learning and physical disability, who have left residential college or who have experienced poor outcomes in their current transitions.**

Young adults will be accommodated in spacious, individually styled en-suite bedrooms constructed to a high specification and, following comprehensive assessment, fitted

out in accordance with the specific needs identified for each individual.

Support will be outcome focused on the development of independence and social skills with a clear goal of moving on into more appropriate independent accommodation. People will be prepared for living in tenancies, connecting with their communities, access to employment or education, where appropriate.

Focusing on person-centred planning and the development of circles of support our staff will be trained to the highest standard and will share the can do outcome focused approach to enable the people supported by the service to live the lives that they want.

The service will also provide an site accommodation for families and friends to enable people to maintain relationships and assist with the person-centred planning process.
